

June 21, 2021

To Whom It May Concern,

My name is Amy Uniss-Coleman and I am the General Manager at Great Southwest Equestrian Center in Katy, Texas. I am writing on behalf of Bobby LeMaire and PGW Solutions. Great Southwest is a 60 acre horse show facility that hosts over 40 events per year. Part of our show facility consists of three show arenas, three warm up arenas and 650 horse stalls that are under almost 500,000 square feet of metal roof. GSEC was built in the mid-1980s so we have the challenges of antiquated electrical infrastructure and light fixtures as well as an aging metal building.

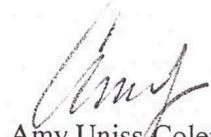

The first project with PGW solutions was our parking lot lights in 2017. Since then we have done all three of our indoor show arenas, one in two phases and we anticipate PWG Solutions doing a major repair on our roof summer of 2021. As budget allows we are looking to PGW Solutions to replace the light fixtures in the stall areas as well.

Every process of all the projects they have done for us have been seamless. I can get bids in a timely manner and they are always more than competitive price wise. The jobs start on time, finish on time with no drama or excuses. They keep and leave the jobsite immaculate but the best part is that they always finish on budget. There are never any expensive surprises even though we have a very challenging set up here. After the job is completed I can always get Bobby on the phone if there are any questions I might have for him.

The end results of these projects have been nothing less than amazing. He knows exactly what fixtures we need to light our arenas to create an amazing experience for our customers.

I can go on and on about Bobby and PGW Solutions. It is so rare these days to deal with a company like this. That is why we keep going back. They have the contacts to service our business whether it is lighting, electrical, HVAC or roofing and no job is too big or too small. If at any time would like to see the results of their work or want to discuss their qualifications please do not hesitate to contact me.

Sincerely,

Amy Uniss-Coleman
General Manager
